Definition of minimum number of runs required for an event to qualify as a points scoring event in the Mobil1 CASC-OR Autoslalom Championship.

Deviation from ASN Canada Solo Ruleset:

Section 3.4.3 of the ASN Canada ruleset states:

3.4.3. Official Number of Runs

There shall be a minimum of two (2) timed runs for each competitor at each event. There shall be no practice runs for any competitor entered in the event. There shall be a time period for Competitors to have an opportunity to walk the course prior to commencement of the first timed run of the event.
