

OTA Regulations Bulletin 18-01

Date: April 20 2018

From: Stephen Deneka, CASC-OR Time Attack Director

To: All Ontario Time Attack Competitors

Subject: Nitto NT-01 Street Tire Classification

Only for the 2018 season, North-America sourced Nitto NT-01 tires (equivalent to Toyo GG compound) will be added to the Zero (0) PIP street tire category. The primary reason for this is to evaluate if this tire should be added to the street tire category permanently.

The Nitto NT-01 is not eligible for the Toyo Contingency Program.

5.1 A2.1: Installation of four “street tires” with a tread wear rating (UTQG) of 140 or higher, as well as GG compound Toyo brand tires, R888, R888R and RA-1 and North America sourced Nitto NT-01 (see rule 4.8.2.4) 0 PIP
