SAFETY REVIEW COMMITTEE

The Board Of Directors shall appoint a committee, having representation from all active CASC-OR Divisions, to review all safety related aspects of motorsport and to make recommendations to Division Directors and/or the Board of Directors to ensure safe competition and which are appropriate for that division.

The committee will elect a chair who they will submit to the Board for approval.

Rule changes, which involve safety issues, in all Divisions are to be presented to the committee for review before they are published.

CASC-OR sanctioned event reports are to be filed with the committee to permit a review of safety at events.

Divisions or the Board may direct topics to the committee for their review and recommendations.
