Schedule change: Accidentally interchanged Race 5 & 6.

The published schedule is confusing concerning the Saturday lunch. Most people assumed lunch was after Race 7, but the start time for race 10 indicates end of lunch

Red flag on lap five of race # 17 (SS11,12, 14). A crash involving four cars in corner one blocked the track. Crash truck and medic were dispatched at 15:16. No one was injured. Race was re-gridded after disabled cars were removed. There was a bit of confusion as to the restart. The grid crew placed the cars side by side. However the stewards reminded the clerk of rule 9.4 which required a single file restart because more than two laps were completed. . The race was restarted and completed with no further incidents.

Sunday schedule was updated to split SS11 and SS12/14 (adding one session before and after lunch). Reviewed and agreed by R.D., Clerk, Steward.

Sunday, Race 5A (one of the two split sessions) only 2 of 7 cars presented to false grid. The race was shortened to 7 laps, agreed by Clerk, Steward and both drivers. The leader lapped the field.

Sunday Race 7 had heavy front to rear contact, resulting in red flag. One passenger (without a wristband) evaluated by medical and released. Restarted from previous completed lap.

Two races went 1 lap long, results were posted based on scheduled # of laps, but will be re-posted following Reg 10.0.1.
