Negatives

- Undiagnosed occasional increases in engine temperature in 2025. Did not seem to impact performance, but should be looked at.
- Cosmetic body damage on right side from single light car-contact incident.
- Stone chips in paint on front.
- Small amount of paint damage from removing decals.
- Accident by original owner fully repaired in 2009.

Exclusions – Will Be Removed From Car Prior to Sale

- Wheels shown on car in some photos will be replaced with Apex ARC-8, 18*10 ET25 with Pirelli DHF 265/645-18 slicks (6 short duration heat cycles)
- Passenger harness
- Transponder
- Garmin Catalyst
- Cool shirt
