

Director: Steven Day, Autoslalom

Date: July 12 Meeting

Last month: June

St. Lac and the new owners of Picton, now known as Base 31, met at the venue to discuss preparations for the 2022 Regional Championship.

Trophies for the 2022 Regional Championship have also been secured by CASC.

MSOC had two more PITL events, June 18th and July 10th cancelled due ongoing negotiations with Metrolinx, the owner of their proposed venue. They have now had 4 events cancelled and only 4 left on their schedule. They are looking for an alternate venue.

Most club events have seen decreased attendance since before 2020.

This month: July

The private for-profit autocross group PADA had 54 competitors at their first event on July 3rd. Metrolinx has allowed them to run but not MSOC.

As of July 10, 30 people have already registered for the 2022 Regional Championship.

Promotion will continue for the 2022 Regional Championship. St. Lac has printed flyers that have been handed out at events. It has also been promoted at the some of the CASC club event driver's meetings.

Clubs will continue to host club events.

Next month: August

The 2022 CASC Regional Championship weekend hosted by St.Lac/CASC. Picton Aug 13-14 will take place. The cost is \$140 for both days. \$50 per night for camping for up to 4 people per site.

Toyota Gazoo Racing has confirmed their attendance for the Sunday of the 2022 CASC Regional Championship and will give away prizes.

The Inside Track Autoslalom ad promoting the 2022 Regional Championship will come out. It will most likely be too late to make any impact.

Autoslalom schedules as of July 12:
