FOR IMMEDIATE RELEASE

CASC-OR Announces 2026 Bob McCallum Scholarship Recipients

Toronto, ON – The Canadian Automobile Sport Clubs – Ontario Region (CASC-OR) is pleased to announce **Ella Martin** and **Jenson Raybould** as the recipients of the **2026 Bob McCallum Scholarship**.

This scholarship supports emerging drivers who demonstrate strong commitment, passion, and potential within the sport, helping them take the next step in their racing careers.

Jenson Raybould, who comes from a karting background, will be competing in the Formula 1600 category for the 2026 season and is eager to give back to the racing community. *"I look forward to the season in Formula 1600 and will be promoting the series to interested racers, especially my karting friends wanting to move up,"* said Raybould.

Ella Martin, who began her racing journey in karting, is making the transition to Formula 1200 for the upcoming season—an exciting step forward as she continues to develop her skills in open-wheel competition. As a young female driver advancing through the ranks, Ella is also helping push forward the growing movement of women in motorsport, serving as an encouraging example for girls looking to enter and progress in racing.

CASC-OR congratulates both recipients and wishes them a successful 2026 season. We look forward to following their progress on track and supporting their continued growth in motorsport.

Best of luck, stay safe, and most of all—have fun.
