Comments

This was the first time for this event, which is the touring car weekend to offset the later BARC Open Wheel event in July.

There were 2 guest grids – GridLife Rush, and BMWCCA (Trillium). The CASC-OR Stewards were not involved with BMWCCA but were available for any issues for the Rush sessions.

The weekend had staffing challenges, with some positions understaffed. BMWCCA timer helped the event Timing, but the event needs an "A" licence Chief of Timing.
