

CASC

ROAD RACING DIVISION

JULY / AUGUST 2022

UPDATE

July 23 & 24 BARC Canadian Touring Trophy Races were held at CTMP. It was a great weekend featuring the Toyo F1600 Series, The Pirelli GT Sprints grids 1-5, Vintage Historic and the F/Libre, F4, F/Classic, and F1200. To top it off, the FEL Radical Series was there with a healthy 15 car grid. The total entries were approximately 150...a great turn out!

Next up was the one day event that VARAC holds at SMP which was Saturday, August 6th, and numbers were good considering the heat. There were approximately 80 plus entries which included Classic, F/Classic, and Vintage Historic. There was also a grid of mixed cars called the Peter Jackson Challenge/Sportsman.

Coming up on the calendar is the Calabogie Summer Classic on August 19th to 21st. This event will feature the Toyo F1600 Series, the Pirelli GT Sprints grids 1-5, F/Libre, F4, VARAC Closed Wheel Group, FEL Emzone Radical Canada Cup, FEL Sports Car Championship and the Calabogie V8 Thunder Cars. It will be a very busy and exciting weekend for sure. For the CASC grids, this will be a double points weekend.
