There were many spectators around the track on Sunday which resulted in a lot more requests for rides in the Ice Taxi. Due to the unexpected response resulting in more than the normal number of passengers, it was allowed to take passengers for a number of laps at the end of the day.

Power failure at 3:30pm forcing the organizer to revert to flagging on the corners for the last two races. The last two races were shortened to 10 laps each as a result of the power failure. **Note: The base station in the Marshals shack is powered by a USB-C adapter plugged into the electrical outlet. The system could have been powered by a powerbank or other portable source.**

Canadian Automobile Sport Clubs – Ontario Region Stewards' Race Event Report

Report from the Clerk that windows in timing continuously fogs up, between the inner and outer sections. This makes it very difficult to see the car numbers when running in a clockwise direction.

R1-SS1, SS2 a few competitors were spoken to and advised that their driving was reported to be on the aggressive side. All competitors spoken to agreed to be more respectful of others.
