Event Assessment

The BEMC Spring Trophy Races were held on May 6-7, 2023, at Canadian Tire Motorsports Park. Overall, the weekend ran well, with few on-track incidents during the weekend.

The weekend was well attended with 114 cars and 122 total entries.

The weather on Saturday was damp and some rain late afternoon, Sunday was cool and sunny.

Saturday morning had two oil spills that were addressed.

The final Vintage History race in the rain on Saturday was shortened to 15 minutes, as agreed by the 4 drivers who presented to grid.

Members of StLAC attended to observe various officials in preparation for the SMP Cup in June. Members were in scrutineering, false grid, and pit lane.

Registration had to help walk participants through the online waiver system, which is the same as last year. Not everyone remembers where the waiver was stored on their mobile device.

Scrutineering was well staffed for the weekend - 8 licenced scrutineers. Approximately 68 cars were processed through their Annual Inspection. Many other Annual Inspections were completed in the pre-season by the CASC-OR Scrutineers.

Timing and Scoring and Scrutineering had to work through a number of transponder issues during the weekend.

MMS was well staffed with nearly 50 marshals, of which 8 were new QEs.

Pit Lane reported no issues.

Chicken dinner was provided Saturday night in the classroom, and was appreciated.
